Aravind D

Summary — I am a MCA student who has sound knowledge in java and MERN stack Web application development.looking forward to start my career .

Skills

Languages Java,JavaScript,SQL

Js Frameworks Node.js,Express.js,React.js

Data visualization PowerBI

Databases PostgreSQL, MongoDB

Web technologies Servlet and JSP

Additional Skills Problem solving,DSA

web Services Clerk (Authentication as a service)

Experience

Jan 2025– June 2025

NextWebby Mind , Madurai
- Developed and maintained dynamic web applications using React and Node.
- Implemented Node framework packages like Express.js and Node.js.
- Participated in code reviews, debugging, and writing unit tests for quality assurance.

Education

Velammal College Of Engineering and Technology   Aug 2023 – June 2025

Bachelor of Engineering
CGPA: 8.24

Fuscos hr sec school   June 2018 – May 2019

12th Standard   June 2016 – April 2017
Percentage:

Don Bosco hr sec school

10th Standard Percentage:
89

Achievements

- LeetCode 200+ and Code 360 250+: Demonstrated strong problem-solving skills with extensive practice.
- Code 360 Grand Master: Achieved a competitive rating, reflecting proficiency in algorithmic challenges.
- GFG 50+: Involvement in solving more coding problems.
- Certified in Data Structures and Algorithms (PrepBytes): Validated expertise in foundational programming concepts.
- Certifications in MERN Stack: Specialized knowledge in web development and data persistence techniques.

Projects

- **Real time chat application :** Designed a highly available, fault-tolerant web application using Node.js, MongoDB for Storing the chats and user data, and React for User interface.
- **Calculator:** Built a Calculator, Servlet for Business logic, and JSP for Dynamic web content,postgresql for DataBase.
- **Travel Booking:** Developed an travel booking web application using MERN Stack.
